SPACE RIG

Private AI Infrastructure, Built for Your Business

Run intelligent. Stay private. Keep control.
Your AI. Your data.

Did I miss any leads?

Yes — 3 leads from last week remain
uncontacted. Here are their details,
along with recommended next steps.

Privacy by Design

Sensitive documents, customer records,
finances, and internal notes are processed on
your Space Rig — on your premises.

Your
Question

Privacy
Guard

Private
Brain

PRIVATE & SECURE

Sensitive data stays on
your infrastructure

BUILT-IN VALUE

Reduce reliance on costly
cloud AI services

WORK SMARTER

Summarize, draft, organize,
and decide securely

ALL-IN-ONE SOLUTION

Private AI, compute, and
storage in one device

PRIVATE. POWERFUL. PROFITABLE.

SPACE RIG

Transform Your Business With Private AI

Empower your business with a private AI assistant that understands your company, your customers, and your knowledge. Space Rig answers questions, drafts emails, summarizes information, and supports everyday work, while keeping sensitive data secure on your infrastructure.

Boost Productivity with a 24/7 Agentic AI Assistant:

Give your business an easy first step into agentic AI with instant, always-on support.

Assist with Everyday Business Tasks & Future Workflows:

Summarize documents, draft email responses, organize information, and support tasks and decisions, while preparing for future AI workflow automation.

Build a Private Knowledge Base For Your Business:

Turn your documents, emails, and procedures into a private knowledge system that provides fast, accurate, reliable, and context-aware answers.

Private Mobile App & Voice Control:

Use the private mobile app for secure access anywhere, with end-to-end encrypted chats and natural voice control.
