Summarize, draft, organize, and decide — all while saving time and money

ALL-IN-ONE SOLUTION

Compute, storage, and earnings in one device

PRIVATE. POWERFUL. PROFITABLE.

SPACE RIG

Private AI Assistant for Your Business with AI Mining Capability

Empower your business with an always-on, private agentic AI assistant that boosts productivity, reduces time spent searching, and helps your team work faster, while generating value in the background.

Boost Productivity with a 24/7 Agentic AI Assistant:

Give your business an easy first step into agentic AI with instant, always-on support for your team.

Assist with Everyday Business Tasks, Decision Support, and Future Workflows:

Summarize documents, draft responses, organize information, and support tasks and decisions — while preparing for future AI workflow automation.

Understand Your Business Context & Deliver Instant Answers:

Turn your documents, emails, and procedures into a private AI knowledge system that provides fast, accurate, reliable, and context-aware answers.

Reduce Time, Errors, and Dependency on People:

Help employees find information faster, improve consistency, and reduce reliance on team members.
